

1,000,000 GERMANS FACE ALLIES

GERMAN ADVANCE IN BELGIUM HAS BEGUN; LIEGE FORTS INTACT

London, Aug. 12.—The first great battle of the war is believed to be in progress. The German enveloping movement directed against the Belgian center and designed to give a passage to Lille began with a cavalry movement.

While three German army corps continued to besiege Liege trying to reduce the forts with heavy guns, another German army crossed the Meuse river near Tongres and is advancing toward Waterloo and Brussels. This army is believed to be attempting to pass to the northward of Namur and to trap the allied army now between two German armies, one operating from the north and the other through Luxembourg, the Germans making the first attack at Tirlemont. It is reported the Belgians are making a valiant stand. This announcement was made by the French war office.

Correspondent wires that heavy firing was heard throughout the day near Tongres. This indicates that the Krupp batteries are being used. It is considered probable that allied army having massed at Namur, has now been moved forward to aid in defense of Brussels. Military experts here say that the two German armies number fully 1,000,000 men. It is believed that the Germans are adhering to their original plans to capture Paris.

French Minister Makes Report.

London, Aug. 12.—A dispatch from the French foreign minister received here this morning says: "Rumors regarding the loss of the forts at Liege by the Belgian troops are entirely false. Only small groups of German soldiers entered the town itself under cover of darkness. All the twelve forts are intact."

Small engagements have occurred along the whole line where the French and German armies are facing each other from Belgium opposite the southernmost points of Alsace to Liege in Belgium. In these encounters the

French cavalry have always maintained its superiority over the German mounted troops while our artillery has been splendidly served. Our troops have kept the passes and crests of the Vosges mountains clear and they dominate the heights of Alsace.

A line between Thann, 22 miles southwest of Colmar, Alsace and Altkirch, the first position occupied by the French army after its invasion of Alsace, is held by our armies. This line runs slightly to the rear of Mulhausen. The French government indignantly denies that there was any violation of German territory by the French army before the declaration of war.

Unfair Boosting Of Commodities Is To Be Rigidly Probed

Washington, Aug. 12. Spurred to action by widespread indignation over the apparent "team-work" of meat and food-stuff dealers in raising prices with European war as an excuse, government officials and congressmen planned for summary action today claimed that the arm of the Sherman anti-trust law might be used to crush any conspiracy to boost prices. It was stated at the department that the Chicago district attorney had the situation under scrutiny and was given authority to take necessary steps. It is said that he was contemplating taking the matter before a federal grand jury.

German Officer At Liege Makes Claims

(By Briston Alliance)

Brussels, Aug. 12.—General Von Schell, an officer of the German staff, claims that Belgium is that attacked the German army besieging Liege, were completely annihilated, according to a dispatch received here today from Brussels.

The dispatch says that General Schell issued an official statement that the Germans had 20,000 men at Liege, but failed to mention the losses. Then it quotes General Schell as follows: "A small number of German troops engaged in order to stop the movement of the main army. The enemy's advance attack was completely annihilated. The German army did not wish to sacrifice unnecessarily. As soon as the artillery arrives the forts will be without the loss of a man."

Mrs. B. H. Lane, who for 24 years has resided on Park street, has sold their home there and moved to 505 Offshore street.

SHIPS TO BE CHARTERED

Washington, Aug. 12.—Authority was today given American embassies and legations throughout Europe to charter ships in which to bring home Americans.

Cox Loses In Brown

Georgetown, O., Aug. 12.—With two precincts out, Governor Cox lost Brown county to Whitaker by a vote of 1175 to 1308. With four precincts missing Hudson had 332, Inman 869, Love 770 and Rice 230.

FIERCE FIGHTING ON THE ALSACE FRONTIER

Paris, Aug. 12.—The German army of the Moselle is still striking gaps in the French fortification at Verdun. It has been checked at Longway where severe fighting has taken place and at several points on the Belgian-Luxembourg frontier and in that vicinity.

The army which is striking south through Luxembourg is reported to be operating as far south as Condy. Its entire front is screened by cavalry. It is believed here that this movement is planned to divert attention from the army moving westward and aimed at Lille. Serious fighting near Stenay can be expected soon.

The exact position of the French of invasion that was forced to leave Mulhausen has not been revealed. It is insisted at the war office that it withdrew from Mulhausen in perfect order and entrenched between that city and frontier. The German attack that followed was severe, the Germans using new field guns. Heavy losses are reported on both sides. Fighting reported along Alsace-Lorraine frontier today.

THE WAR AT A GLANCE

GREAT BRITAIN—War office issued an official statement today explaining it was necessary to withhold the all news of army and navy.

BELGIUM—War office admits a general German advance. First great battle of war already may have begun.

FRANCE—Fighting progressing on frontier with war office claiming French army maintaining their positions. Germans and French fighting south of Mulhausen.

GERMANY—Siege guns being brought up to reduce Liege forts.

AUSTRIA—Austrian forces on the defensive along the boundary, claimed to have checked Russians.

RUSSIA—Fighting reported along the Prussian-Polish borders with war office claiming several victories over the Germans.

SERBIA AND MONTENEGRO—Serbian and Montenegrin armies now at Sarajevo moving through Bosnia.

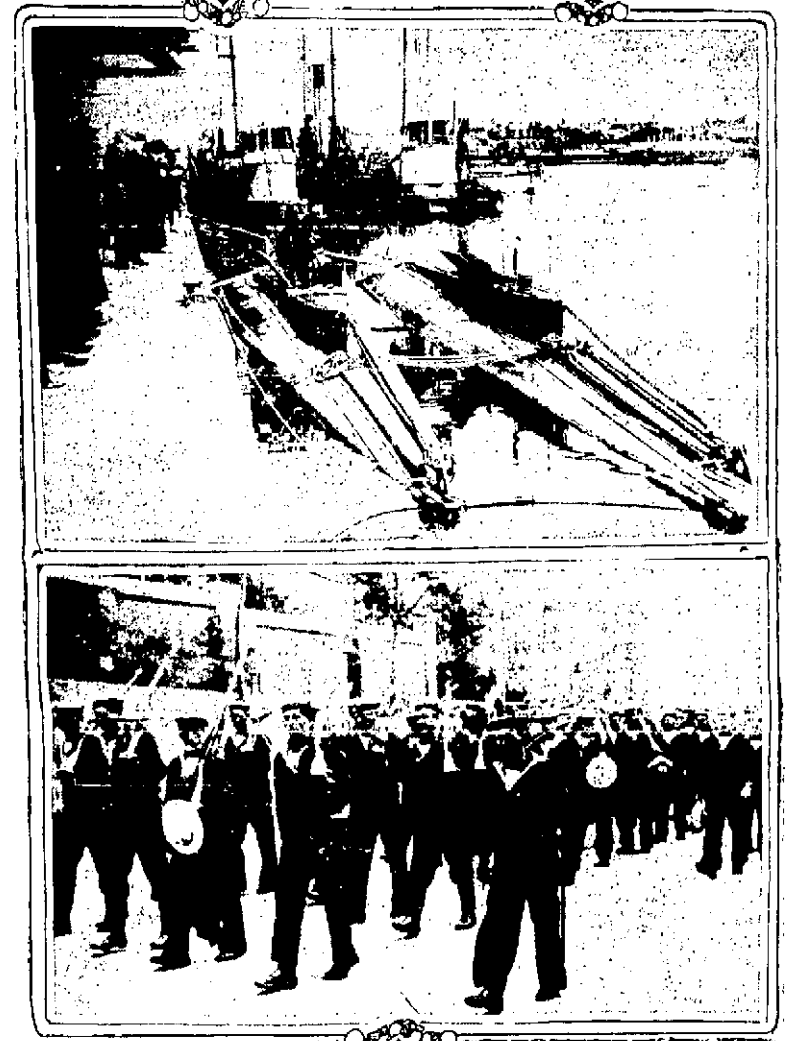

HARVESTER CO. IS DECLARED MONOPOLY

St. Paul, Minn., Aug. 12.—The International Harvester Company today declared to be a monopoly in restraint of inter-state and foreign trade and was ordered dissolved by a majority decision filed here by Judges Muth and Smith and Hood in the United States court, Judge Walter H. Sanborn, dissented. Unless the corporation submits a plan for dissolution within 90 days, the court will entertain an application for a receiver.

The company will carry the case to the United States Supreme court according to Cyrus H. McCormick, president of the company.

Chicago, Aug. 12.—The hog market was 35 cents lower today at the local stock yards. There has been a drop of sixty cents in the price.

English Submarines, Preparing to Depart and Coast Guards on Way to Front

In the upper photograph two submarines making ready for departure are shown. These boats are believed to have taken a prominent part in the great naval battle reported to have taken place in the North Sea. Both England and Germany are equipped with submarines and these man-controlled monsters of the deep are bound to play havoc with the fleets of the enemy. The lower photograph, just received from England, shows a regiment of coast guards on its way to the mobilization point. These men were among the English army of 22,000 that has already been landed on the continent to battle with the Germans.

EMPEROR CALLED OFF LIEGE ASSAULT

Berlin, Aug. 12.—Kaiser Wilhelm himself interfered with the plan to carry the Liege fort by storm. When the news reached him of the great German losses because of storming steel fortifications he sent word to the front that the assault be stopped. He ordered the railroads to be restored and the heavy artillery be brought up. The Kaiser took this step entirely through human feeling. The officers sent word that they could carry them by storm, but the Kaiser did not think the forts of sufficient importance to warrant such a loss of life. A statement declared that heavy siege guns would soon batter the Liege forts to pieces.

SMALL BATTLE AT TIRLEMONT

Paris, Aug. 12.—French and Belgian armies are engaged in battle with the German forces that invaded Belgium, according to an official statement issued at the war office. The French came into conflict with the Germans when they attacked the environs of Givet, in the department of Ardennes. The war office stated that according to its information this was an important engagement and that the French troops were pursuing the foe. The Belgian and German armies are fighting at Tirlemont, Belgium, and according to the war office the Belgians have met with little resistance.

Pope Sad

Rome, Aug. 12.—The Pope is so overcome with grief by the war in Europe that he is unable to do any work and sits listless and silent for hours every day. Although he is not ill his condition is causing grave anxiety to his attendants.

SERVANS ARE BOMBARDING GORSHADA

Nish, Aug. 12.—The Serbian and Montenegrin army, which had effected a junction on the border of Herzegovina, are now operating together. Serbian artillery is bombarding Gorshada. The allied Serbian troops already captured the Serbian town of Vardich, at the junction of the rivers Drina and Lim. The bombardment of Belgrade, the Serbian capital, by Austrian troops, continued today.

West Union, Aug. 12.—W. P. Stevenson was nominated by the Democrats for county judge over the city of J. R. Kessler. The Republicans nominated C. A. Roebuck.

COX WINS HANDILY AND HARDING TAKES MEASURE OF FORAKER

BULLETIN

BULLETIN

Columbus, Aug. 12.—The Foraker-Harding race continues to be center of attraction. At noon today 38 counties gave Foraker 47,132 and Harding 48,257. With Harding leading Foraker in most of smaller counties it looks as if he would defeat the Cincinnati man by from 4,000 to 5,000 in state. Tod headquarters conceded Willis' nomination at noon, said that he would not be defeated more than 10,000.

Columbus, Aug. 12.—Early complete returns from yesterday's primary today indicate that Warren G. Harding, of Marion, defeated Jas. B. Foraker of Cincinnati, for the Republican Senatorial nomination. The closeness of this race overshadowed all other features.

Governor Cox defeated J. J. Whitaker more than 2 to 1.

Attorney General Hogan received more ballots than both of his opponents, J. J. Lentz of Columbus and J. L. Zimmerman of Springfield, combined for the Democratic Senatorial nomination.

Congressman Willis defeated David Tod, of Youngstown, for the Republican nomination for governor.

Returns today indicated that the contest between Robert Cross-Morrill of Cincinnati for Lieutenant and R. J. Bullock of Cleveland, Governor, Chas. Q. Hildebrand, both present congressmen, for the Democratic nomination for the Twenty-first district, is close, both claiming victories. They were thrown together by redistricting the state.

The entire Progressive ticket was nominated.

AUSTRIA WILL PACIFY ITALY

Rome, Aug. 12.—Austria has granted Italy's demand for reparation for the destruction of the building of the Puglia Wireless company at Antivara, Montenegro. The structure was wrecked when the Austrian fleet bombarded the city, despite the fact that an Italian flag was flying over the building. A dispatch from Vienna says that Austria will reimburse the company. This lessens the tension between the two countries.

THE MAN FOR PUBLIC TRUST

We often hear it said in politics that certain candidates are not qualified for the position they seek, yet we have known in our experience of thirty years in politics that some of the very best men that the people have placed in office were men whom many thought incompetent before the election. Business qualifications are what the people want in office-holders, men who will not fritter away the tax money and who will stand firm for the rights of the people. Business qualifications are not always found in educated men. If the business of the Ohio Valley depended on men who only hold diplomas, those men would have to be imported, but from where? When this is said it is not in opposition to the plan of "for education for such would be folly. The greatest men in American history whose names will never die in the reverence of the people were not what is now or then considered educated men. Environment has much to do with the making of the man. Give him an opportunity and he will show his worth. You do not know what a man is worth until you try him; all the preparation

of years will not fit him for the place unless he has some personal ability that will fit him and develop itself for the occupation. Where the rights of the people are at stake and firmness and respect for the country's traditions are in demand, we would feel safer with a "clod hopper," as many delight to call him, than to have the reins of government in the hands of a fanatical educated reformer who is ever and anon trying to spring something new on the people wholly foreign to our government. This is a country of the plain people, because, in the language of the immortal Judge Elliott, who was assassinated on the steps of the Capitol Hotel at Frankfort, Ky., "there are more of this kind than any other." Oftentimes when we hear a man being attacked because of his limited education, we are attracted to the lack of it in the man making the charge.

THE EXPLOITING FOREIGNER.

We are attracted by the suggestion that all aliens coming to this country should be required to take out citizenship papers at the end of twelve months or be forced to leave the country. The present European war has shown that thousands of foreigners come to this country for the purpose of employment solely, enjoying the benefits of the high wages and the protection of our laws without contributing one penny to the expenses of government. They hoard their savings and when they reach a fair sum they procure foreign money orders or place the amount in banks and when the call for war comes or they have saved a reasonable competence to care for them for many years in their native countries where the cost of living is far less, they gather it up and return to their homes. This exploitation has been at the expense of the people and workmen of this country. Is it fair? Is it right? We build our cities, erect costly light systems and water works, pave our streets, construct our roads, build school houses, develop our streams and pass laws to surround our working people with every modern facility, and at the same time permit our cities to be filled up with foreigners from most all the countries of earth who never intend to become citizens of our country yet enjoy every privilege the same as the leading tax-payer of the community. The better class of emigrants who declare that he desires to become a citizen should be welcome, but he should be made to declare that if he does not apply for citizenship within the twelve months of his entry to this country he will return to his native land or leave our shores. The registry will show whether he has done so, and if he has failed to apply he should be deported. Thousands upon thousands are taking advantage of this splendid government because of its lax emigration laws and it is high time that it should be stopped. The average foreign workman lives upon a third of what the average American workman lives on. The American workman is a help to our country, while the average foreign laborer is just the opposite, a constant drain. It is well that somebody wake up to the situation.

THE BATHING BEACH.

The popularity of the bathing beach at the lake, to which hundreds are attracted almost daily surely means that a public bathing beach should be established where there is some convenience for those who may patronize it. Bathing is not only the most popular of sports, but it is most healthful. Other cities are providing such beaches and it compensates those who are unable to take expensive trips to resorts as just as much pleasure can be obtained at home as elsewhere.

The man who forgets to register will be the least gentleman to tell you why his mind did not win.

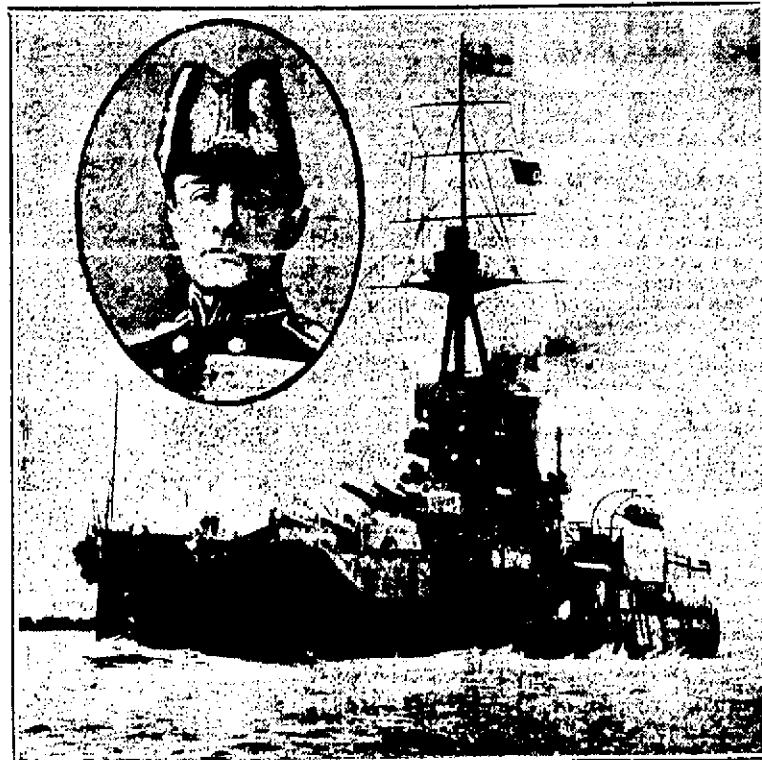

It is an unfavorable day now that some one does not declare war against war so why should you worry—the habit has become accustomed.

The most startling feature of the statement of an upstate editor was that he was not to sleep in his bed last Sunday. Is he to ever get to sleep in such an unusual place for an editor. He says he is not to sleep in his bed every night of his life.

A suggestion for all the newspapers to China, India and Japan to provide a newspaper to the European continent is well taken and has general endorsement.

We will have to agree ourselves and agree with that old Baptist pastor of forty years ago who predicted that 1914 was going to be a year of no more wars.

Iron Duke, After Germans in North Sea, and British Commander

The Iron Duke, the flagship of the British fleet of the North Sea, which is now holding the German warships within the Baltic, is the greatest battleship Great Britain owns. She can burn ammunition at the rate of \$40,000 a minute, and she is now proving about the North Sea at the head of the greatest fleet ever assembled in the history of the world.

Her admiral is Sir George Callaghan, commander of the home fleet, but within the past few days Admiral Jellicoe has been made supreme commander of the British vessels of war, and he is now in charge of the operations of the fleet. The Iron Duke is far more powerful than any single vessel in the British navy, perhaps the most powerful man-of-war in the world.

When a stock exchange can boost a man's wages nine cents in every twenty-four hours and leave what sticking at a price that a record-breaking crop justifies, we may look and listen for Gabriel's foot. But this would be counting the wrong way for humanity and no one expects to live long enough to ever hear of it.

The auctioneer who knocked off those two battleships to Greece surely knew that it was about the last chance before war broke out.

There is some real merit in the "Take It Back" does they are having around the country. Six umbrellas were brought back to one good old sister when she had lost only one, and she accepted all six of them with thanks.

Force of Habit.
The telephone operator was spending the summer holiday by the bounding sea. On the first morning, however, she had occasion to berate the maid of the lodgings for real or imagined negligence. "Why didn't you call me at I told you this morning?" she demanded. "I did, miss," replied the maid with an injured air. "I called out 'Seven-thirty,' and all you see was 'Number engaged.'"

Nautical.
It was in New York. The sea-baring man was steering a zig-zag course, yawning now to starboard and now to port. A young woman bound in the opposite direction sought to minimize the danger of a collision by making a wide detour. But the sea-baring man stopped dead. "Keep a straight course ahead, miss," he said gallantly. "Let me do the tacking."

At the state-wide primary held Tuesday, August 11, the Democrats by a vote of almost three to one again chose Governor James S. Cox as their standard bearer for 1914. The Republicans by a majority of their votes pinned their faith on Congressman Frank S. Willis, who won out handsomely over David Tod.

For United States Senator, the Democrats named Timothy S. Hogan, who far outstripped both his opponents, Lentz and Zimmerman, who far outstripped both his opponents, Lentz and Zimmerman. For Congressman, Charles C. Kearns, who far outstripped both his opponents, Love and Rice, who far outstripped both his opponents, Love and Rice. For State Senator, C. M. Emory, who far outstripped both his opponents, Haines and Turner, who far outstripped both his opponents, Haines and Turner. For Representative, William R. Sprague, who far outstripped both his opponents, Thompson and Williams, who far outstripped both his opponents, Thompson and Williams. For Clerk of Courts, John W. Hall, who far outstripped both his opponents, Holcomb and Rice, who far outstripped both his opponents, Holcomb and Rice. For Sheriff, Charles M. Sperry, who far outstripped both his opponents, Harcha and Rickey, who far outstripped both his opponents, Harcha and Rickey. For Commissioner, Thos. Watkins, Charles Worley and George H. Hill, who far outstripped both his opponents, Becker, Harper and Wickerham, who far outstripped both his opponents, Becker, Harper and Wickerham. For Recorder, R. K. Day, who far outstripped both his opponents, Alvoid and Becker, who far outstripped both his opponents, Alvoid and Becker. For Surveyor, Grover C. Kinley, who far outstripped both his opponents, Harper and Wickerham, who far outstripped both his opponents, Harper and Wickerham. For Prosecuting Attorney, Stanley McCall, who far outstripped both his opponents, Micklethwait and Sheppard, who far outstripped both his opponents, Micklethwait and Sheppard.

kins, of this city, had captured one of the places on the board of commissioners, due to the fact of the splendid vote he received in the city. Up until noon, Charles Worley, Wm. O. Shively, L. H. Cadot and George H. Hill were confidentially claiming their nominations, so close was the result. The same thing existed in Democratic circles. It was conceded early that John Jones of this city would be one of the winners for commissioner, but when the country precincts began rolling in Egbert, Bennett and Violet developed great strength and it was a toss-up which one of the three would base out.

Another interesting fight was the one for the recordership on the Republican ticket between Jos. S. Micklethwait and George W. Sheppard. Micklethwait carried the city by a substantial majority, but the first reports from the country precincts indicated that Sheppard might overcome the lead. However, Micklethwait showed considerable speed as a finisher and went under the wire a winner by a substantial majority. Stanley McCall had no opposition for the Democratic nomination.

A three-cornered fight developed in the race for clerk of courts on the Republican ticket. While Holcomb carried the city, the winner, John W. Hall, developed great strength in the country precincts and won out by a comfortable majority. Charles Rice being the runner up. The Democratic nominee, T. J. Coe, had no opposition.

R. K. Day won over Robert Lewis in the race for the Democratic nomination of County Recorder, although Lewis carried the county. Day, however, met Tuesday night that Thomas Wat-

country and came under the flag with votes to spare.

William R. Sprague was the successful candidate for the Republican nomination of representative, carrying both the city and country precincts over Williams and Thompson. J. J. Brushart, Democratic nominee, had no opposition in the primaries.

For the Republican nomination for sheriff, E. W. (Pete) Smith, left his opponents, John Harcha and Frank W. Rickey at the post almost. Smith carried practically every precinct in the county and led his ticket in the size of his vote. He ran like wild fire in the city, and on high gear in the country. Charles Sperry will be his opponent at the November election, he being the only candidate for the nomination on the Democratic ticket.

John Jones, John Violet and William Bennett won the Democratic nomination for the Board of Commissioners. Jones leading his ticket. The vote between Bennett and Egbert was extremely close, Bennett winning out because of the big vote he received in his own township. Egbert, however, can feel mighty proud of the showing he made.

Thomas Watkins, Charles Worley and George H. Hill were the winners for the nomination of commissioners on the Republican ticket. However, the vote was so close that the winners did not breathe easy until the last vote was in.

Henry Becker defeated George Alvoid for the nomination of Recorder on the Republican ticket by a small vote. Alvoid showed quite well in the country, losing the town by nearly 200. He, too, should feel highly complimented over the showing, for he made the fight single handed.

On the Democratic side C. M. Emory had 540 votes in Pike, 242 in Jackson and 456 in Scioto, a total of 1238.

W. D. Haynes had 40 in Pike, 272 in Jackson and 182 in Scioto, a total of 494.

William Turner had 242 in Pike, 416 in Jackson and 275 in Scioto, a total of 1333.

Thus Mr. Emory will go to Adams county 135 ahead of Mr. Turner, his nearest competitor. Word from Adams county was that Haynes had probably carried the county by about 200 majority.

No figures were obtainable on the votes cast, but by Haynes carrying the county it is probable that Emory and Turner split the remaining vote and that Turner, the Emory lead of 175 and Emory but it is thought his majority will not much exceed 900, thus nominating Tremper by a narrow margin.

This gives Tremper 191 majority up to Adams county. It is stated that Shriver will have about 1400 majority in Adams, but it is thought his majority will not much exceed 900, thus nominating Tremper by a narrow margin.

At the state-wide primary held Tuesday, August 11, the Democrats by a vote of almost three to one again chose Governor James S. Cox as their standard bearer for 1914. The Republicans by a majority of their votes pinned their faith on Congressman Frank S. Willis, who won out handsomely over David Tod.

For United States Senator, the Democrats named Timothy S. Hogan, who far outstripped both his opponents, Lentz and Zimmerman, who far outstripped both his opponents, Lentz and Zimmerman. For Congressman, Charles C. Kearns, who far outstripped both his opponents, Love and Rice, who far outstripped both his opponents, Love and Rice. For State Senator, C. M. Emory, who far outstripped both his opponents, Haines and Turner, who far outstripped both his opponents, Haines and Turner. For Representative, William R. Sprague, who far outstripped both his opponents, Thompson and Williams, who far outstripped both his opponents, Thompson and Williams. For Clerk of Courts, John W. Hall, who far outstripped both his opponents, Holcomb and Rice, who far outstripped both his opponents, Holcomb and Rice. For Sheriff, Charles M. Sperry, who far outstripped both his opponents, Harcha and Rickey, who far outstripped both his opponents, Harcha and Rickey. For Commissioner, Thos. Watkins, Charles Worley and George H. Hill, who far outstripped both his opponents, Becker, Harper and Wickerham, who far outstripped both his opponents, Becker, Harper and Wickerham. For Recorder, R. K. Day, who far outstripped both his opponents, Alvoid and Becker, who far outstripped both his opponents, Alvoid and Becker. For Surveyor, Grover C. Kinley, who far outstripped both his opponents, Harper and Wickerham, who far outstripped both his opponents, Harper and Wickerham. For Prosecuting Attorney, Stanley McCall, who far outstripped both his opponents, Micklethwait and Sheppard, who far outstripped both his opponents, Micklethwait and Sheppard.

kins, of this city, had captured one of the places on the board of commissioners, due to the fact of the splendid vote he received in the city. Up until noon, Charles Worley, Wm. O. Shively, L. H. Cadot and George H. Hill were confidentially claiming their nominations, so close was the result. The same thing existed in Democratic circles. It was conceded early that John Jones of this city would be one of the winners for commissioner, but when the country precincts began rolling in Egbert, Bennett and Violet developed great strength and it was a toss-up which one of the three would base out.

Another interesting fight was the one for the recordership on the Republican ticket between Jos. S. Micklethwait and George W. Sheppard. Micklethwait carried the city by a substantial majority, but the first reports from the country precincts indicated that Sheppard might overcome the lead. However, Micklethwait showed considerable speed as a finisher and went under the wire a winner by a substantial majority. Stanley McCall had no opposition for the Democratic nomination.

A three-cornered fight developed in the race for clerk of courts on the Republican ticket. While Holcomb carried the city, the winner, John W. Hall, developed great strength in the country precincts and won out by a comfortable majority. Charles Rice being the runner up. The Democratic nominee, T. J. Coe, had no opposition.

R. K. Day won over Robert Lewis in the race for the Democratic nomination of County Recorder, although Lewis carried the county. Day, however, met Tuesday night that Thomas Wat-

country and came under the flag with votes to spare.

William R. Sprague was the successful candidate for the Republican nomination of representative, carrying both the city and country precincts over Williams and Thompson. J. J. Brushart, Democratic nominee, had no opposition in the primaries.

For the Republican nomination for sheriff, E. W. (Pete) Smith, left his opponents, John Harcha and Frank W. Rickey at the post almost. Smith carried practically every precinct in the county and led his ticket in the size of his vote. He ran like wild fire in the city, and on high gear in the country. Charles Sperry will be his opponent at the November election, he being the only candidate for the nomination on the Democratic ticket.

John Jones, John Violet and William Bennett won the Democratic nomination for the Board of Commissioners. Jones leading his ticket. The vote between Bennett and Egbert was extremely close, Bennett winning out because of the big vote he received in his own township. Egbert, however, can feel mighty proud of the showing he made.

Thomas Watkins, Charles Worley and George H. Hill were the winners for the nomination of commissioners on the Republican ticket. However, the vote was so close that the winners did not breathe easy until the last vote was in.

Henry Becker defeated George Alvoid for the nomination of Recorder on the Republican ticket by a small vote. Alvoid showed quite well in the country, losing the town by nearly 200. He, too, should feel highly complimented over the showing, for he made the fight single handed.

On the Democratic side C. M. Emory had 540 votes in Pike, 242 in Jackson and 456 in Scioto, a total of 1238.

W. D. Haynes had 40 in Pike, 272 in Jackson and 182 in Scioto, a total of 494.

William Turner had 242 in Pike, 416 in Jackson and 275 in Scioto, a total of 1333.

Thus Mr. Emory will go to Adams county 135 ahead of Mr. Turner, his nearest competitor. Word from Adams county was that Haynes had probably carried the county by about 200 majority.

No figures were obtainable on the votes cast, but by Haynes carrying the county it is probable that Emory and Turner split the remaining vote and that Turner, the Emory lead of 175 and Emory but it is thought his majority will not much exceed 900, thus nominating Tremper by a narrow margin.

TREMPER SEEMS TO HAVE BEST OF THE RACE FOR SENATOR

The race for nomination for senator in the district composed of Adams, Jackson, Pike and Scioto counties is a neck and neck affair on both sides, with Dr. W. D. Tremper as the probable republican nominee and C. M. Emory as the probable democratic nominee.

As usual delay in counting the Adams county vote is the cause of the uncertainty. The vote was not counted up to 4:30.

Dr. Tremper got 224 votes in Pike, 689 in Jackson and 205 in Scioto, a total of 1118.

Mr. Shriver got 312 in Pike, 929 in Jackson and 689 in Scioto, a total of 1930.

This gives Tremper 191 majority up to Adams county. It is stated that Shriver will have about 1400 majority in Adams, but it is thought his majority will not much exceed 900, thus nominating Tremper by a narrow margin.

While returns from the Sixth Congressional district were not complete Wednesday, returns secured by The Times, either partial or complete from the various counties of the district, showed that William A. Inman of Portsmouth, had walked away with the nomination on the Democratic side. His plurality over J. L. Hudson, his nearest opponent, will be not less than 1,200.

On the Republican side, it appears that J. C. Kearns, lawyer, of Batavia, Ohio, has captured the Republican nomination, defeating Mark A. Crawford and Roy McElhenny, local aspirants for the nomination. Republican returns are very incomplete, but enough are in to warrant the statement that Mr. Kearns is certainly nominated by from 300 to 500 plurality over Crawford, his nearest competitor.

At 3:30 o'clock all counties in the district had been heard from except Adams. In this county it was estimated that Inman had carried the county over Hudson by about 300 majority. Giving him 300 and he would have 1103 in the district over Hudson.

The vote as compiled was as follows:

Hudson—225 in Clermont, 293 in Pike, 503 in Highland, 399 in Brown, and 670 in Scioto. Total 1883.

Inman—326 in Clermont, 307 in Pike, 525 in Highland, 1015 in Brown, 125 in Scioto. Total 2698.

Love—115 in Clermont, 34 in Pike, 102 in Highland, 536 in Brown, 22 in Scioto. Total 1129.

Popular Fallacies
1. That mosquitoes only bite once.
2. That mosquitoes only live one day.
3. That mosquito-bites won't itch if you don't scratch 'em.
4. That if you hold your breath you can catch a mosquito and slay it.
Our experience is that mosqui-

toes only bite once (in the same place), that they only live one day (at a time); that their bites won't itch if you don't scratch 'em (but rub 'em with sand-paper and the edge of a buzz saw instead); and that if you hold your breath you can catch a mosquito and slay it (provided you have a shotgun in each hand and are a good shot).

Will Federals Come Into Organized Ball?

Fandom asks just what would happen in case the Federals and Organized Base, ball do get together.

"Will they keep the three leagues intact, or will they form two twelve-club leagues?"

Such a question is one that only the baseball leaders can answer. The

This would mean—in case there is an amalgamation—that the Federals would withdraw their clubs from St. Louis and Chicago, starting the franchises probably in Cleveland and Detroit.

Kansas City is not a baseball town, and whether the Federals paddle their own canoe next year, or whether they assist in propelling the organized craft, it seems certain that the town will be dropped from the circuit and the franchise shifted to some other city.

Fans Anxious To See New Teams

(By Frank G. Menke.)
New York, Aug. 12.—The rank and file of fans are hoping that the next world series round won't be between the Giants and Athletics. They've grown a bit tired of seeing these two clubs fight it out in the October haze, and are pulling for some other club to "horn into" the big domes.

If the Cubs and Athletics had another World series duel, or the Giants and Tigers, or Giants and Red Sox, fandom would be somewhat satisfied. But the great mass of fans would rather see the Red Sox and Cubs, or the Tigers and Cubs, than to see either of the teams that battled last year in action again this year.

The reason for this is that in the case of a series between the Giants and Athletics, the fans take it as a foregone conclusion that the Athletics again will conquer. It's sort of an old story repeated—and they want to hear a new one. They'd rather see two totally different teams in action.

The wise baseball player is the one who will cease immediately in trying to work both ends against the middle. He'll sign up a contract right now, with the organization that offers him the very best terms. It won't be a good plan for him to remain on the outside, trying to get the rival league to bid up a little higher for his services.

Signs of baseball power are placed in the hand, according to those who claim to be on the inside. Both factions are tired of war that has even on one side the players the best of it. If they decide suddenly to get together, the unnamed ball player who has been held in reserve for the magnates of the higher and higher for his services, will arise some A. M., and discover that all the world is sad and drear. There'll be

NAPS TO CLEAN HOUSE

If Joe Zimmerman has his way, the Naps will have an almost entirely new team when they take the field next year. But if Joe insists upon trading off Joe Jackson and a few other Naps stars, it's quite likely that the Naps won't finish with a much better percentage than they will do this year. House-cleaning is a good thing once in a while, but, when cleaning, it isn't a good policy to knock the house down. A little framework ought to be left.

P. A. makes men smoke hungry

Just you get a whiff of "the national joy smoke" and it's dollars to doughnuts you beat it 'cross lots to the nearest store that sells tobacco—and stock up! The flavor and aroma of Prince Albert has got 'em all backed off the boards. It sure will hit the spot with you. Get the drift of that?

PRINCE ALBERT the national joy smoke

Just does all that we say it will do. It can't bite your tongue and it can't parch your throat. All this is because P. A. is made by a patented process that cuts out the bite! Why, this process has simply revolutionized smoking tobacco.

Prince Albert rolls up the bulkiest makin's cigarette you or any other man ever smoked. It puts the jolt of joy right into your system.

You can just do "makin's" sunrise to sunset and have a lot of fun. Why, P. A. in a cigarette is absolutely a revelation. You go to it!

WAS GREAT FINISH

(Charleson Mail.)
That was a great finish the Golden State club, who were in a much better position behind they piled up enough runs to win two ordinary games and made it an even break on the two games played in the present series. These two teams may always be pitted on to put up a contest that is not finished until the last player is down.

Meyers Says Streak Of Luck Will Give Giants Pennant

"Chief" Meyers

In saying that base ball is a game of equalization and that in the long run all things even themselves up, "Chief" Meyers, the Giants' catcher, has made this statement the basis of a prophecy that the Giants will win the National pennant this year. "The Giants haven't had a winning streak this season," says Meyers. "They are due for a real spurt and when it comes the pennant race will be over."

SALLY TROUBLES ARE AIRED BEFORE MAYOR. OTHER POLICE NEWS

Richard Sally, a young railroad man, who was ordered before Mayor Adam Erick for a hearing, was treated to some plain talk from the court Wednesday morning.

Sally is said to have thrown a dish at his aged father, Joseph Sally, and otherwise mistreated him. This he denied, though he admitted he felt like killing a half dozen or more brick yard men who were in the habit of coming to their home in the East End and living and drinking his father out of every cent of money he had.

The mayor reminded Sally that he knew a little of the family history himself, and that the boys have always imposed upon the father and that they had better leave him alone while he is mayor or suffer the consequences. He ordered the young man to find a home elsewhere for himself and wife.

Ed Kaizer, a yacht owner, and Charles Hill, of Indian Run, were fined \$20 each for lighting at the Point, just west of Scioto street, Wednesday morning, but half of the

amounts were remitted. It appeared from the statements of the two men that Kaizer had towed Hill and wife's boat out to this city, enroute to fronton, but while taking on supplies here Mrs. Hill discovered that Kaizer had incited another couple to make the trip also. She objected and a dispute followed. Hill demanded a settlement for the gasoline he had purchased for the trip, but after some parleying Kaizer refused. He prepared to raise anchor and leave when a gale came. Neither was seriously damaged, though Kaizer's right cheek was bruised in falling.

A. N. Campbell and Ed Biddle, principals in a fistie encounter, who were fined \$20 each Tuesday, were again in court Wednesday, the latter facing a charge of destruction of property the other man preferred against him. Biddle has been occupying rooms in the house rented by Campbell and is said to have maliciously torn down some shelving. He was fined \$10 by the mayor. Biddle is now on the city work gang.

OBITUARY

Mrs. John Hogan.

Mrs. J. F. Waples of Grandview avenue received a telegram Wednesday from Orlando, Florida, announcing the death of Mrs. John Hogan, who made her home with her son-in-law and daughter, Mr. and Mrs. Frank Ford of Orlando. Mrs. Hogan, who was past 72 years of age had been in poor health for some time. She leaves two sons and one daughter, William, Edwin and Mrs. Martha J. Ford. She is also survived by one sister, Mrs. Martha J. Noel, of Seventh street, this city. Mrs. Hogan was for many years a resident of the Chillicothe pike, and she was a most estimable woman. Mrs. Hogan's body will arrive in Portsmouth Friday and upon its arrival arrangements for the funeral services of this good woman will be completed.

Charles Hammond.
 Charles Hammond, aged 36, who was employed in the Selby Shoe company's supply office, died suddenly in St. Louis, Mo., Tuesday, while en route home from a visit in Sterling, Kansas.

The message, which was received by Mrs. M. Cummins, of 412 Fourth street, with whom Mr. Hammond had boarded for years, gave no particulars, but it is thought that death was caused by spinal trouble, with which the young man had been afflicted all of his life-time. The telegram was from Ed Gregg, of Sterling, Kansas, a brother of Mrs. Cummins, and it is thought he was accompanying Hammond back to Portsmouth. He considered this city his home as all his interests were centered here. He left here but two weeks ago to visit his brother, William E. Hammond, at Sterling. Another brother, George Hammond, a railroad engineer, lives in Cincinnati. The parents died many years ago. Mr. Hammond was

member of the Knights of Pythias and Sons of Veterans and attended the United Brethren church. The remains are expected to reach Portsmouth Wednesday night or Thursday morning.
